LIGHTING SYSTEM

The best gatherings always have a hub. That's exactly what the pontoon boat provides, a place for friends and family to get together and take on the day. More than a great pontoon, our product is a floating entertainment center that brings people together, letting everyone be as active — or relaxed — as they want to be. We offer custom service, different size are available.

BIG MOTORS MATTER. THAT'S WHAT DRIVES US.

It starts with reliability, performance and innovation everyone has come to expect from Yamaha Outboards. And that's exactly why so many boaters won't trust anything else on the water. Yamaha Outboards has proudly operated in the U.S. market for nearly 30 years. In that time, their engineers have become known for a relentless pursuit of a more satisfying boating and ownership experience for customers. As a result, Yamaha Outboards have become synonymous with legendary reliability and performance.

Suzuki Marine's experience is backed by a commitment to 4-stroke technology. They offer the most reliable, powerful 4-strokes that are a perfect fit for today's boats. Suzuki Marine boasts of having the industry's largest all-4-stroke lineup!

Evinrude engines have evolved to the point where there's so much science involved that the benefits get lost in the sheer number of advances. That's why today, the popular E-TEC outboards and their advantages are among the most popular on the water.

Honda Marine means quality, reliability, advanced technology, and better fuel efficiency. Honda introduced the first 4-stroke outboard engine in America more than 40 years ago. Today, Honda outboards still deliver best-of-class features.

KINOCEAN
boats

Kinocean is more than just a "pretty face". It's what you don't see on a Kinocean boat that is the most impressive. Beyond the beautiful exterior lies a durable all welded all aluminium foundation. From the longitudinal rib system which creates an alliance of strength, to the welded in floor that provides a solid one piece unit, each Kinocean is built tough and built to last. Also found on each Kinocean is the latest in hull design.
